MANAGEMENT RESOLUTION
SALARY DEDUCTION DUE TO STAFF REPORTING LATE

Further to Resolution Ref#: R23/2012 dated 14 November 2012 on the above-mentioned subject, Management have agreed that, with immediate effect, and for Late Coming Part only, salary deduction will be applied when the total number of minutes in one month exceed sixty (60). Other conditions apply as before.

This change has been implemented after the marked improvement in staff attendance pattern in the past three months. However the automated message will continue to be generated.

Please be guided accordingly.
